Dillon Beavers Open Season with Loss to Billings Central

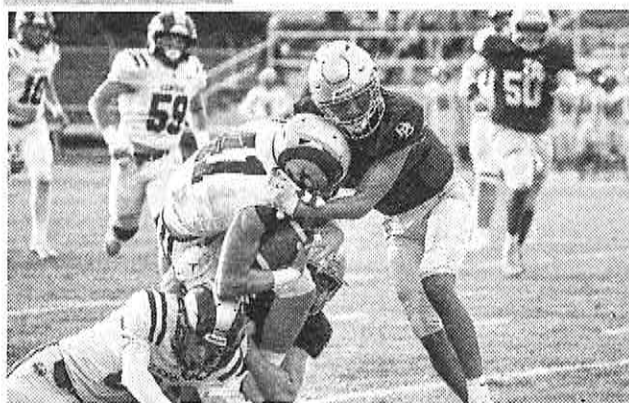

Jeremy Crawford, Southwestern Montana News

The Dillon Beavers opened their football season on a high note, but ultimately fell to the Billings Central Rams, 64-28, in a game marked by big plays and momentum shifts.

The Beavers got off to a strong start with a 72-yard punt return for a touchdown by Paxton Puyer, which put them on the scoreboard early. They kept the lead through the first quarter, holding a 20-7 advantage into the second quarter.

However, Billings Central took over the second

quarter, with their offense dominating and outscoring Dillon in each quarter. The Rams' relentless attack proved too much for the Beavers' defense, and they pulled away to secure the season-opening victory.

Bulldog Volleyball Clipped by Walla Walla 3-0

The Montana Western volleyball team (1-4) fell to Walla Walla (2-1) 3-0 Friday in its opening match of the Hells Canyon Grand Invitational.

MATCH SUMMARY

Walla Walla

The Wolves came out firing in the first set, quickly opening up a seven-point lead. The Bulldogs couldn't cut the lead to fewer than six, and Walla Walla took the opener 25-16. The second frame was a much tighter affair, with UMW leading by as many as three midways through the set. However, a 10-1 run by the opposition saw them go back up five, and eventually take set two 25-21. In the final game, Walla Walla got the jump on the Bulldogs early once again, and completed the sweep 25-17

LEADERBOARD

- Jordan Olson topped the team in kills with six, followed by Savana Warburton and Kennedy Lingenfelter with five apiece.
- Megan Hardman tied for the game-best in aces (three).
- Taylor Petersen paced the offense with 17 assists.
- Jaiden Perez, Olson, and Lingenfelter each recorded 4.0 blocks.
- Morgyn Harrison got it done defensively with 11 digs on the day.

Montana Western out-blocked Walla Walla 8-6 in the match, but the Wolves held the advantage in kills (48-29), aces (6-5), assists (46-25), and digs (45-33).

The Bulldogs are back on the court tomorrow for a pair of matches against Arizona Christian (10 a.m. ET/ 11 a.m. MT) and LC State (2 p.m. ET/ 3 p.m. MT)

Letter to the Editor,
As one of the community members on the Beaverhead County Public Land's Resource Use and Policy Plan, I would like to clarify exactly what the plan stated under the section that addresses Nuclear Power.

"It is the County's Position that:

- It is in support of the mining of minerals for nuclear power generation in the County, subject to all applicable federal, state and local laws.

- It is in support of the siting of Small Modular Reactors (SMRs) with power outputs of 12 MWe or less, in the county for emergency, educational, evaluation, testing and/or research purposes, on a site specific and case by case basis, as approved by the Commissioners, and subject to all applicable federal, state and local laws.

- It is in opposition to the siting of nuclear waste processing, warehousing and/or storage facilities in the County."

I would like to stress the phrase, "subject to all applicable federal, state and local laws."

I can't help but see the recent headline "Nukes along the Beaverhead" as an inflammatory statement. Nuclear Power was a subject that was included in the topics we were to address and no member wants nuclear power or mining for minerals used for nuclear power without rigorous county, state and federal cooperation, research, and safety protocols prior to approval. We all live and work here and want our families, friends and neighbors safe. SMR research, development and licensing is an extensive process that is regulated by the US Nuclear Regulatory Commission to ensure they meet stringent safety standards.

No member sitting on that committee has a crystal ball as to the future needs of Beaverhead County and we did our best to address issues that affect our economic stability and our quality of life. Beaverhead County's economic lack of diversification is reflected by being 25.7 percent lower than the national average in real income and earned income.

Federal and state laws require federal and state agencies to coordinate and cooperate with the local government to fully ensure consistency in planning and decision making as required by law. The Resource Use Plan is a changing document as more information becomes available or new situations arise and is intended to be a guide to the county so that it may provide consistent input on

Exciting Updates to Jaycee Park
 Friends of the Jaycee Park are excited to announce that the wood chips will be removed to be ready to be replaced with Playground Grass by Forever Lawn in the near future. The playground will need to be closed during this process for safety reasons. Saturday, September 6th RE Miller's crew will be there with equipment to haul and help.
 Adult Volunteers Needed: The volunteers are needed to shovel and haul, with wheelbarrows, the wood chips to loader buckets.
 If you can help, please stop in Womack's Printing Place, 126 N. Montana St, call 406-683-4903 or email dillonnews@womacksprinting.com and sign up or sign up at https://www.justserve.org/projects/
 Bring gloves, shovels or wheelbarrows if you have them Saturday, September 6th at 9:00 am for a couple hours or until we are done.
