\$100,000 Matching Gift from Walsh W Bar Ranch, Inc Propels Fairgrounds Campaign Toward Finish Line

The Madison County Fairgrounds Improvement Foundation today announced a \$100,000 matching gift from the Walsh W Bar Ranch, marking a major step forward in the campaign to renovate and modernize the historic Fairgrounds Pavilion. With this generous match, the Foundation is now just \$241,000 away from fully funding the pavilion renovation—including year-round restrooms, a warming kitchen, and needed chinking and staining.

The renovation plan will restore the 1936 log Pavilion to its original charm while adding key modern amenities to allow for year-round use and greater community comfort. Once completed, the upgraded Pavilion will better serve the 4-H and FFA programs, local schools, and countless community gatherings that define the fairgrounds' role as Madison County's "home stomping grounds."

"The fairgrounds have long been a place where generations come together—to celebrate hard work, community, and tradition. We're proud to help ensure this space continues to serve future generations in a way that honors its past," said Ken Walsh, on behalf of the Walsh W Bar Ranch.

The Fairgrounds Improvement Campaign is part of a broader vision to preserve Madison County's agricultural heritage while supporting its growing population. The Pavilion renovation represents Phase 1 of the Foundation's multi-phase plan, which also includes a future multi-purpose events center designed to accommodate youth programs, livestock shows, and year-round events for the entire region. With nearly than \$1.4 million already secured, the Foundation invites the community to help close the final gap and take advantage of the Walsh W Bar Ranch's matching challenge. Every new dollar donated will be matched up to \$100,000, doubling the impact of each contribution toward this transformational project.

Donations can be made to the Madison County Fairgrounds Improvement Foundation or to discuss a multi-year pledge, please email Chase Rose, Campaign Manager, at chase@bannackgroup.com

About the Madison County Fairgrounds Improvement Foundation

The Madison County Fairgrounds Improvement Foundation is dedicated to preserving the historic character of the fairgrounds while ensuring its facilities meet the needs of a growing community. The Foundation's mission is to enhance the visitor experience, support youth programs, and promote economic vitality through year-round community events.

Women's Resource Center Recognized for Expanding Services to Survivors by Montana Board of Crime Control

The Women's Resource Center (WRC) has been named the Fall 2025 Highlight Program by the Montana Board of Crime Control (MBCC), recognizing the organization's recent accomplishments in expanding services for survivors of domestic and sexual violence in Southwest Montana.

Founded in 1977, the WRC provides free, confidential services to survivors of domestic violence, sexual violence, and human trafficking in Beaverhead and Madison Counties, guided by a philosophy that survivors are the experts of their own lives. This survivor-centered approach informs every aspect of the WRC's work, from crisis intervention and advocacy to legal support and community education, empowering individuals to heal at their own pace.

Over the past year, WRC has expanded its capacity with the opening of the Heron House, a new emergency shelter, and the addition of an on-site client resource room. The boutique-style resource room allows survivors to select food, clothing, and personal care items

with dignity, providing immediate, tangible support in a welcoming, trauma-informed environment. These expansions respond to a growing demand for services across the rural communities the WRC serves; between January and October 2025, the organization assisted 192 clients, answered 850 hotline calls, provided 1,765 nights of emergency shelter, and delivered more than 3,500 supportive services.

"Being recognized by the MBCC reflects the incredible dedication of our staff, Board of Directors, and volunteers as we adapt and grow to meet the increasing needs of survivors in our communities," said Rebecca Knotts, Executive Director of the WRC. "The past year has been transformative, and these changes ensure that survivors have access to safe spaces, resources, and support as they navigate their healing journeys."

"Our team has spent the past year refining how we serve clients through a truly client-centered model," said Izzi Simonsen, Programs Manager at the WRC. "From crisis intervention to advocacy and legal support, everything we do is guided by the needs and goals of each survivor, allowing them to lead their own path to safety and healing."

The WRC continues to build trust and collaboration throughout its rural service area, offering a comprehensive range of services, including crisis response, advocacy, legal support, counseling, and material assistance to help survivors and their families move toward safety, independence, and resilience. These free, confidential services ensure that every survivor has the support they need to lead their own healing journey. For more information, visit www.wrcmt.org.

My dog Jake has been diagnosed with allergies to everything except VENISON, BEEF LIVER and RICE. Beef liver can cause copper poisoning in dogs. Rice is ok as a supplement but it can contribute to inflammation for dogs with allergies. With this very unusual diagnosis I am struggling. If you have any venison, elk or moose in your freezer that you don't want, I sure could use it. I will pick it up.
